- How to build your team

Local, Regional & International Training Events

In Business for Yourself, but Never by Yourself!

\$38 is the average commissionable revenue of a bundled local and long distance customer as of June 2007. TCABs are promotional bonuses earned monthly based on the number of new Team Trainers who acquire the minimum required customers within their first 30 days. For complete details, please see ACN's Compensation Plan Overview. **No compensation is earned at ACN unless customers are acquired. FOR USE IN CANADA ONLY**

Success as an ACN Representative is not guaranteed, but rather influenced by an individual's specific efforts. Individual results will vary.

The Services You Need Today...
The Services You Want Tomorrow.

They are all here at **ACN**

ACN provides the total package for your telecommunications needs:

- See the person you are talking to with ACN's innovative **video phone** powered by **ACN Digital Phone Service**. ACN is the largest distributor of video phones in the world.
- Enjoy the largest **local and long distance** coverage area – more than any other carrier.
- Experience the power of choice: 50 million wireless subscribers change their provider every year – **ACN Wireless** represents the top carrier and provides substantial savings over retail.
- Help protect what's important to you with the number one name in **home security** – ADT. Services provided by Security Choice – an authorized ADT company.

Outstanding Market Opportunity:

- Thriving \$1 trillion-dollar global telecommunications industry
- Market the services people already need and use every day, as well as the services of the future – today
- Lasting residual income – acquire a customer once and get paid on that customer as long as they continue to use the service or for the term of the contract
- Complete back office support frees you to focus on your business: order provisioning and activation, billing, credit and collections, customer care, product development and marketing
